IQONIC ARCHITECTS

ABOUT IQONIQ

Iqonic Architects is a contemporary design studio specializing in architecture, interior architecture, and landscape design. The studio creates thoughtful, functional, and timeless spaces through a balance of creativity, simplicity, context, and materiality. With a collaborative and detail-oriented approach, Iqonic Architects works closely with clients, consultants, and craftsmen to transform ideas into meaningful spatial experiences. Every project is guided by a clear design process—from understanding the client’s vision and developing concepts to refining details and coordinating execution—ensuring spaces that are both aesthetically refined and practically functional.

Director

Jay Mistry is the Director at Iqoniq Architects, leading the firm’s architectural vision and project execution. With a Bachelor’s degree in Architecture, he brings expertise in design, planning, and construction, combining creativity with technical precision. He oversees projects from concept to completion, working closely with clients, consultants, and teams to create functional, contemporary, and thoughtfully crafted spaces. His approach balances innovation, practicality, attention to detail, and timeless design.

Site Engineer + Contractor

Jasminbhai Mistry is the lead contractor associated with Iqonic Architects, bringing extensive hands-on experience in construction and interior project execution. With strong knowledge of building techniques, materials, and on-site management, he plays a key role in translating design concepts into well-crafted spaces. He oversees labour coordination, timelines, and execution with precision, ensuring quality workmanship and attention to detail. Working closely with the design team, Jasminbhai helps bridge the gap between design and construction, ensuring projects are delivered efficiently, accurately, and with lasting quality.

“ A memory that we create”

Project - 1

- Client Name – **Avani Vyas**
- Client’s Requirement - The clients envisioned a refined and contemporary home that feels **spacious, welcoming, and effortlessly elegant.** They wanted the drawing room to create a strong first impression while keeping the overall interiors cohesive and uncluttered.
- Our Approach - We focused on creating a balanced composition of clean forms, subtle detailing, and functional elements. The design combines **contemporary aesthetics with warmth and comfort** to create a timeless living environment.

Project - 2

- Client Name – **Naveen Ganju**
- Client’s Requirement - The clients wanted their home to reflect **a sophisticated yet comfortable lifestyle**. The key requirement was to enhance the drawing room with a distinctive visual appeal while maintaining a seamless, modern character across the interiors.
- Our Approach - Our design strategy focused on proportion, material harmony, and understated luxury. Carefully selected finishes, contemporary furniture, and thoughtful lighting were brought together to **create an elegant and inviting atmosphere.**

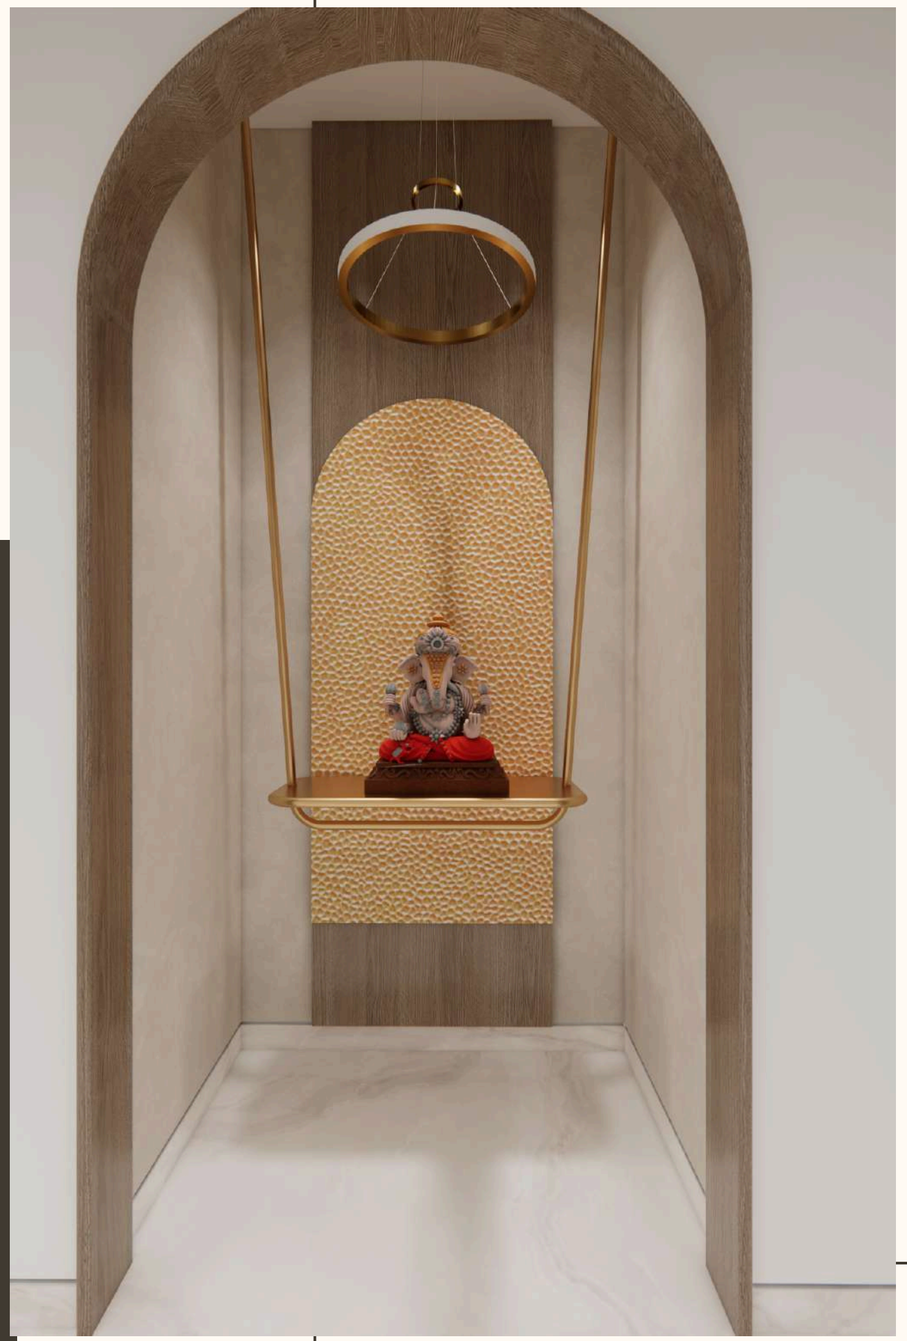

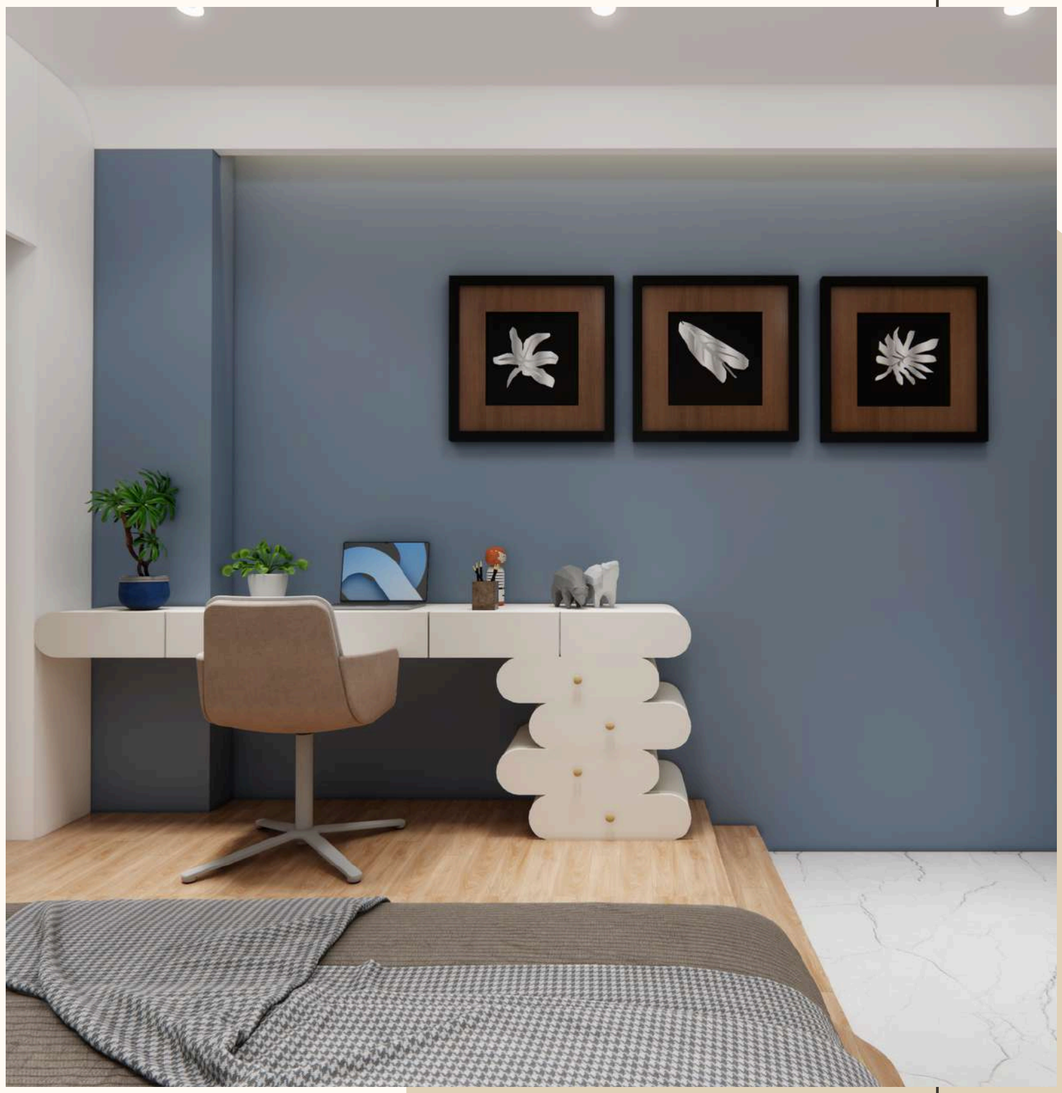

Project - 3

- Client Name – **Nikhil Gupta**
- Client’s Requirement -The clients wanted a home that felt **open, stylish, and welcoming,** with the drawing room serving as the focal point of the interiors.
- Our Approach - We translated this vision through **clean geometry, refined materials, functional planning, and subtle statement elements**, creating a contemporary space with a warm and inviting character.

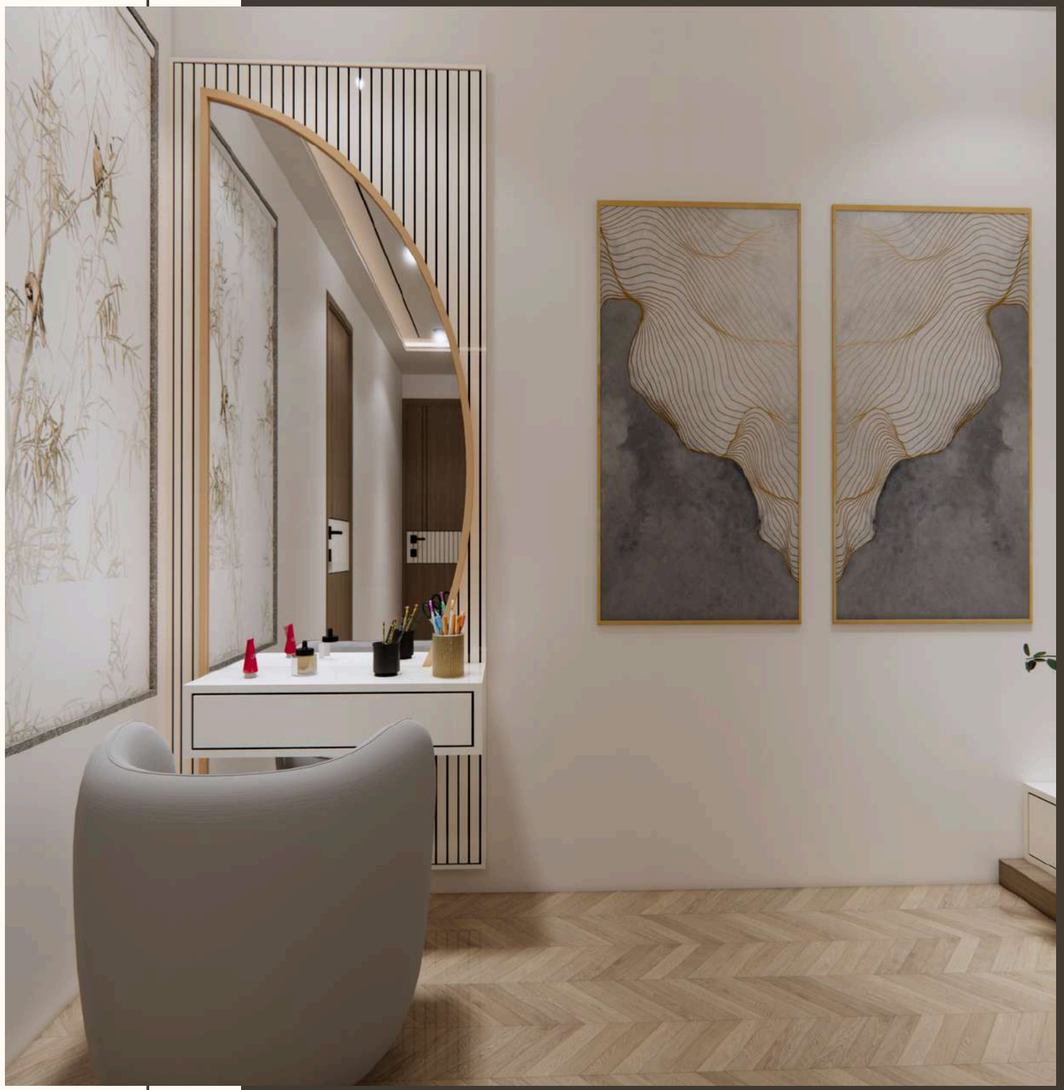

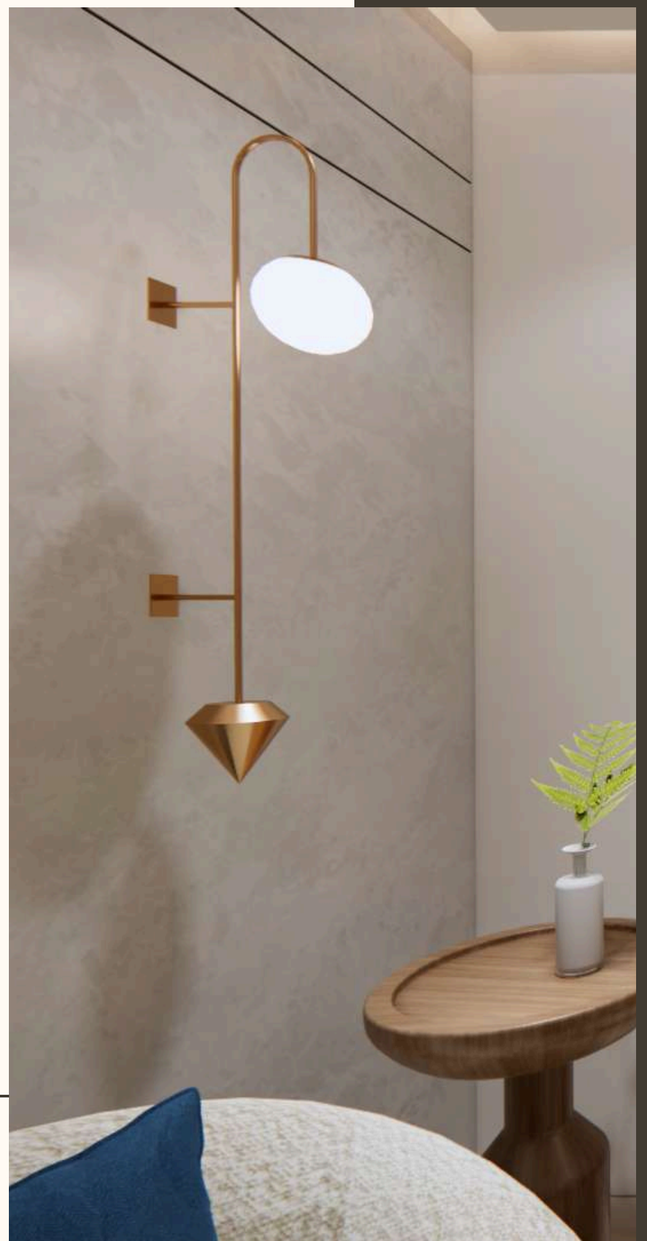

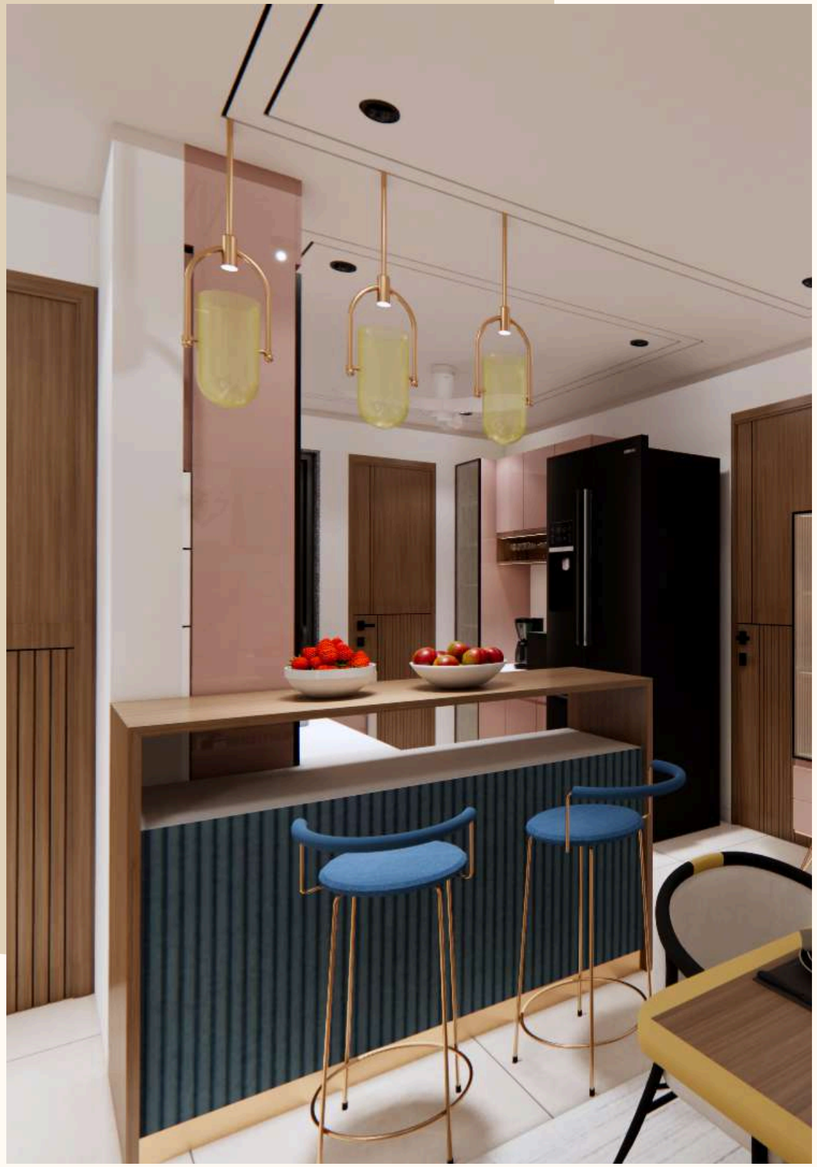

Project - 4

- Client Name – **Mrs. Trupti**
- Client’s Requirement - The clients desired **a simple, modern interior** theme that complements the spacious layout of their rooms. Their primary focus was to transform the drawing room into an elegant, presentable space while maintaining a clean and contemporary aesthetic throughout the home.
- Our Approach - The design approach was centered around **minimalism combined with modern comfort.**

Project - 5

- Client Name – **Parag Modi**
- Client’s Requirement-The vision was to create an interior that feels sophisticated without being overwhelming. The clients wanted a **spacious, visually balanced home where every element feels intentiona**l and the drawing room becomes a natural centrepiece.
- Our Approach - We explored a design language built around **simplicity, proportion, texture, and functionality**. Rather than excessive ornamentation, the interiors rely on carefully curated details to establish a calm yet distinctive identity.
